Agenda Item: A.6
Discussed in Plenary

REVIEW OF ACTION ITEMS

This document reports the status of Actions from the CGMS-34 meeting for review.
KMA performed 1 Permanent Action, 2 Actions, and 2 Recommendations from CGMS-34.

KMA REVIEW OF CGMS-34 ACTION ITEMS

Permanent Actions

1. All CGMS members to inform the Secretariat of any change in the status or plans of their satellite to allow the updating of the CGMS Tables of Satellites (tables 1-7)
KMA submitted a country report (See KMA-WP-02)

Actions and Recommendations from CGMS-34

Action 34.14 CMA and KMA to consider nominating a representative to the expert group related to meteorological satellite service matters of SFGC.

Completed. KMA nominated a representative as Dr. Bong-Ju Lee in early 2007 by an email.

Action 34.23 KMA is invited to present a tentative product generation and dissemination plan for COMS at CGMS.

Completed. KMA submitted a country report (See KMA-WP-08)

Recommendation 34.14

There should be a comparison of standard method for the height assignment of AMVs with the new measurements from instruments on the A-Train(e.g. with the cloud lidar)

Completed. KMA submitted a country report (See KMA-WP-09)

Recommendation 34.15

There should be a comparison of the operational algorithms of all satellite with producers for the height assignment of AMVs from cloud using a common data set from SEVIRI on MSG, and the same ancillary data

Completed. KMA submitted a country report (See KMA-WP-09)
