

NOMINATION OF CGMS REPRESENTATIVES AT WMO AND OTHER MEETINGS

(Submitted by WMO)

Summary and purpose of document

This document presents a list of WMO meeting(s) to which CGMS will be invited within the next year.

ACTION PROPOSED

CGMS to nominate a representative, as appropriate, for each WMO meeting.

1. The following list of WMO meeting(s) will occur between CGMS-XXXI and XXXII. CGMS should nominate a representative for each meeting as appropriate.

- Fifty-sixth Executive Council of WMO (EC-LVI), Geneva, 8-18 June 2004

2. Although CGMS is not invited to the WMO Consultative Meetings on High-level Policy on Satellite Matters, the satellite operators are invited in their own right. Thus, CGMS satellite operators may wish to note that the fourth session of the Consultative Meetings on High-level Policy on Satellite Matters will be held in Geneva, Switzerland, 26-27 January 2004. The Consultative Meeting will focus on developing an associated Implementation Plan of the WMO Space Programme.
