

## **Input to the WMO Database for Satellite Receiving Equipment**

NOAA-WP-16 provides a summary of the US provider of satellite receiving equipment. The NOAA maintains a partial list of satellite equipment manufacturers on its NOAASIS web site at: <http://noaasis.noaa.gov/NOAASIS/ml/manulst.html>. The list contains HRPT, APT, GVAR and WEFAX equipment manufacturers and dealers of complete meteorological satellite receiving systems, system components, and system integrators. In the future, this list will also include NPOESS High Data Rate (HRD) and Low Data Rate (LRD) equipment manufacturers. The list is compiled and maintained by the NOAA Direct Services Division, and was last revised in April 2004. The intent of its compilation is as an informational tool for users and is not an endorsement by NOAA of any specific manufacturer or product. Inclusion of manufacturers on this list is strictly voluntary. Additions or corrections to this list should be emailed to the NOAA Satellite Information Team at: [nesdis.osdpd.dsd.info@noaa.gov](mailto:nesdis.osdpd.dsd.info@noaa.gov).

## **Input to the WMO Database for Satellite Receiving Equipment**

The NOAA maintains a partial list of satellite equipment manufacturers on its NOAASIS web site at: <http://noaasis.noaa.gov/NOAASIS/ml/manulst.html>. The list contains HRPT, APT, GVAR, WEFAX and LRIT equipment manufacturers and dealers of complete meteorological satellite receiving systems, system components, and system integrators. In the future, this list will also include NPOESS High Data Rate (HRD) and Low Data Rate (LRD) equipment manufacturers. The list is compiled and maintained by the NOAA Direct Services Division, and was last revised in April 2004. The intent of its compilation is as an informational tool for users and is not an endorsement by NOAA of any specific manufacturer or product. Inclusion of manufacturers on this list is strictly voluntary. Additions or corrections to this list should be emailed to the NOAA Satellite Information Team at: [nesdis.osdpd.dsd.info@noaa.gov](mailto:nesdis.osdpd.dsd.info@noaa.gov).

## **LRIT RECEIVING SYSTEMS**

**NOTE:** It is likely that several WEFAX and other ground system manufacturers above are developing LIRT systems. Potential users should contact each manufacturer individually to obtain specific plans and capabilities.

The following manufacturers have expressed interest to NOAA in developing or are currently developing LRIT systems – Inclusion on this list is purely voluntary and additional manufacturers will be added upon request.
