

## **KMA's Plan for Participating Virtual Laboratory**

This document is to express KMA's intention to participate the WMO-CGMS Virtual Laboratory program. KMA, as the operator of COMS, has its own plan to provide various training opportunities and information regarding the COMS data utilization. These activities can be harmonized with the Virtual Laboratory and regional Centre of Excellence activities. The 37<sup>th</sup> CGMS meeting will be the beginning point for KMA's participation.
