

REVIEW OF SATELLITE-RELATED WMO AND CGMS PUBLICATIONS AND REPORTS

(Submitted by WMO)

Summary and purpose of document

This document presents the latest status of publications and reports prepared, or under preparation, since CGMS-XXXI

ACTION PROPOSED

- (1) CGMS may wish to comment on the list of publications.
- (2) CGMS Members to update their contributions to WMO Publication No. 411.

Appendix: List of WMO and CGMS Publications and Reports

DISCUSSION

1. Since CGMS-XXXI, WMO has finalized and distributed the publications and reports as shown in the Appendix.
2. The update to WMO Publication No. 411 has now been completed and is available on the WMO Space Programme Office web pages at http://www.wmo.ch/hinsman/411_Contents.htm. It is requested that CGMS Members review their inputs for Publication No. 411 and to have their updated contributions available for the 33rd session of CGMS.
3. The new technical document WMO/TD No. 1177 entitled "The Role of Satellites in WMO programmes in the 2010s" has been finalized and is being printed and translated. It will have an initial distribution during WMO EC-LXVI.

WMO AND CGMS PUBLICATIONS AND REPORTS

1. Report of Consultative Meetings on High-Level Policy on Satellite Matters, Fourth Session, Geneva Switzerland, 26-27 January 2004.
(http://www.wmo.ch/hinsman/publications/CM-4_Final_Report.doc)
2. Utility of Existing R&D Satellite Data (WMO TD No. 1141, SAT-31) is now available on CD-ROM.
