

## **LIST-SERVERS AND CGMS HOME PAGES**

*(Submitted by the WMO)*

---

### **Summary and purpose of document**

To inform CGMS of the status of CGMS List-Servers and Home Pages.

---

### **ACTION PROPOSED:**

- (a) CGMS Members to review the list of available List-Servers and update as appropriate;
- (b) CGMS Members to review CGMS home pages and propose an update mechanism to provide for up-to-date information.

**Appendix:** CGMS web pages (separate file in PDF format)

---

## DISCUSSION

1. In the past, CGMS has been informed of relevant activities by letter, facsimile and by electronic mail (email). In order to allow CGMS Members to communicate via email in specific topical areas, the WMO Secretariat currently maintains several CGMS List-Servers. A List-Server allows anyone on a list to send an email message to everyone on a pre-defined list automatically without any intervention.

2. In order to continue email capability for CGMS, the following lists of email addresses should be checked and updated as appropriate.

### **cgmsplen@www.wmo.ch CGMS Plenary members (18)**

hinsman@www.wmo.ch

3. As an example of the List-Server, if an email is sent to: [cgmswp@www.wmo.ch](mailto:cgmswp@www.wmo.ch)

It will automatically be resent to the following list:

hinsman@www.wmo.ch  
asmus@planet.iitp.ru  
sat\_jma@met.kishou.go.jp  
jxusmc@public.bta.net.cn  
bridge@eumetsat.de

gaertner@eumetsat.de  
cstaton@nesdis.noaa.gov  
matsuura.naoto@nasda.go.jp  
robson@eumetsat.de

4. Since CGMS XXVI, a request has been received to exchange information between the [cgmswind@www.wmo.ch](mailto:cgmswind@www.wmo.ch) list-server and the [obs-xchange@fnoc.navy.mil](mailto:obs-xchange@fnoc.navy.mil) list-server, a list-server organized by the Office of the Federal Coordinator in Washington DC to facilitate easy exchange of information related to observational data. This exchange of emails is maintained manually by WMO and a focal point on the [obs-xchange@fnoc.navy.mil](mailto:obs-xchange@fnoc.navy.mil) list-server. The obs-xchange mailing list is a forum for the exchange of information concerning meteorological and oceanographic observational data among U.S. Government Agencies. Issues of data quantity, quality control, timeliness, decoding and reporting are appropriate for this list. This is a moderated forum and subscription requires the approval of the list administrator.

5. CGMS may wish to note that other List-Servers are maintained as follows:

[ET-RQMTS@www.wmo.ch](mailto:ET-RQMTS@www.wmo.ch) CBS Expert Team on Data Requirements (16)  
[ET-SYSTEMS@www.wmo.ch](mailto:ET-SYSTEMS@www.wmo.ch) CBS Expert Team on Satellite Systems (16)  
[itwg@www.wmo.ch](mailto:itwg@www.wmo.ch) International TOVS Study Conference (210)  
[sfcg@www.wmo.ch](mailto:sfcg@www.wmo.ch) Space Frequency Co-ordination Group (61)  
[amw@www.wmo.ch](mailto:amw@www.wmo.ch) Group interested in protecting active microwave frequencies (45)  
[pmw@www.wmo.ch](mailto:pmw@www.wmo.ch) Group interested in protecting passive microwave frequencies (102)

6. CGMS web pages are maintained on a server in the WMO Secretariat. Appendix B contains the CGMS home pages in PDF format. It should be noted that the pages in Appendix B need updating as much of the information is dated. Thus, it is recommended that CGMS review the pages to determine which information should be retained. Additionally, CGMS should develop procedures for keeping the agreed-upon pages current.

7. There have been two additions to the CGMS web pages since CGMS XXVI, the CGMS Directory of Applications (in both French and English) and Powerpoint presentations made during the CGMS Workshop at UNISPACE III.
