

CGMS-XXIX
WMO WP-8
Prepared by WMO
Agenda item: H.5
Plenary

REVIEW OF SATELLITE-RELATED WMO AND CGMS PUBLICATIONS AND REPORTS

(Submitted by WMO)

Summary and purpose of document

This document presents the latest status of publications and reports prepared, or under preparation, since CGMS-XXVIII.

ACTION PROPOSED

CGMS may wish to comment on the list of publications.

Appendix: List of WMO and CGMS Publications and Reports

DISCUSSION

1. Since CGMS-XXVIII, WMO has finalized and distributed the publications and reports as shown in the Appendix.
2. The update to WMO Publication No. 411 is nearing completion. Inputs from most CGMS Satellite Operators have been received. The Publication will be made available both hard copy and on the WMO Satellite Activities web pages.
3. The Application of Satellite Technology Progress Report for the period 1999/2000 is under preparation and it is anticipated that the report will be published in the autumn of this year.
4. An updated version of WMO/TD No. 824 (SAT-17) has been prepared. The new version entitled "Applications with Meteorological Satellites" (WMO/TD No. 1078 (SAT-28) will be distributed before the end of 2001.

WMO AND CGMS PUBLICATIONS AND REPORTS

1. Statement of Guidance How Well Satellite and *In Situ* Sensor Capabilities Meet WMO User Requirements in Several Application Areas, WMO/TD No. 1052 (SAT-26); (<http://www.wmo.ch/hinsman/Publications.html>);
2. Migration of Satellite Receiving Stations to the New Meteorological Digital Data Broadcast Services, WMO TD/No. 1057 (SAT-27) (<http://www.wmo.ch/hinsman/Publications.html>);
3. Observing Systems Technologies and their use in the Next Decade (WMO/TD No. 1040) (<http://www.wmo.ch/hinsman/Publications.html>);
4. Report of the Consultative Meetings on High-Level Policy on Satellite Matters, first session, Geneva Switzerland, 22-23 January 2001;

CGMS Reports

5. Report of the CGMS Task Force on Coordination of Data Formats and Frequency Planning for Polar-Orbiting Satellites, Geneva, Switzerland, 24 January 2001 (<http://www.wmo.ch/hinsman/CGMSPubs.html>);
6. CGMS Workshop on Evolution of LEO-GEO Remote Sensing post 2015, Geneva, Switzerland, 23-24 April 2001 (<http://www.wmo.ch/hinsman/long-ter.htm>);
7. Report of the CGMS International Satellite Data Utilization and Training Focus Group, Darmstadt, Germany, 16-18 May 2001; (<http://www.wmo.ch/hinsman/CGMSPubs.html>);
8. Report of the CGMS International Precipitation Working Group, Fort Collins, Colorado, USA, 20-22 June 2001 (<http://www.wmo.ch/hinsman/CGMSPubs.html>).
