

## **NOMINATION OF CGMS REPRESENTATIVES AT WMO AND OTHER MEETINGS**

*(Submitted by WMO)*

### **Summary and purpose of document**

This document presents a list of WMO meeting(s) to which CGMS will be invited within the next year.

---

### **ACTION PROPOSED**

CGMS to nominate a representative, as appropriate, for each WMO meeting.

---

## DISCUSSION

1. The following list of WMO meeting(s) will occur between CGMS-XXXII and XXXIII. CGMS should nominate a representative for each meeting as appropriate.

?? Fifty-sixth Executive Council of WMO (EC-LVI), Geneva, 8-18 June 2004

?? Fifty-seventh Executive Council of WMO (EC-LVII), Geneva, 7-17 June 2005

2. Although CGMS is not invited to the WMO Consultative Meetings on High-level Policy on Satellite Matters, satellite operators are invited in their own right. Thus, CGMS satellite operators may wish to note that the fifth session of the Consultative Meetings on High-level Policy on Satellite Matters will be held in Geneva, Switzerland in 2005, exact date to be determined later.

3. For the information of CGMS members, the Commission for Basic Systems' thirteenth session will take place in early 2005, possibly in the March timeframe, at a venue yet to be decided.
