

UPDATE OF ON-LINE VERSION OF CGMS CONSOLIDATED REPORT

The CGMS Consolidated Report (CR) has been available on-line at <http://www.eumetsat.de/en/area2/cgms.html> since March 2001.

This working paper invites CGMS members:

- to inform the CGMS Secretariat if the CGMS CR Drafting Committee points of contact have changed, since last reported in **July 2002** and,
- to update sections referring to their organisations/programmes, by **1 November 2002** to enable a new updated version to be available on-line soon after CGMSXXX.

UPDATE OF ON-LINE VERSION OF THE CGMS CONSOLIDATED REPORT

1 INTRODUCTION

A 9th Edition, Version 1 of the CGMS Consolidated Report was finalised and placed online in March 2001 (<http://www.eumetsat.de/en/area2/cgms.html>).

During 2002, the Secretariat has requested that Members provide updates of their relevant sections of the CGMS Consolidated Report, as appropriate, and to send their updates to the Secretariat, if possible, in advance of CGMS XXX. The objective being to approve and issue an updated version of the CR shortly as soon as possible each CGMS meeting.

2 UPDATING OF CGMS CONSOLIDATED REPORT

The CGMS Secretariat kindly invites CGMS Members to amend, as necessary, contact information for the CGMS Consolidated Report Drafting Committee (see the Annex to this document) and inform the CGMS Secretariat accordingly **by 1 November 2002**.

To ensure that the document is kept-up-to-date, the Secretariat also invites CGMS Members to submit updated sections referring to their organisations/programmes **by 1 November 2002 at the latest**. This will allow the CGMS Secretariat to issue a revised version of the document, on-line, as soon as possible after CGMSXXX.

3 CONCLUSION

CGMS Members are invited to take note of the request for updating of their sections of the CGMS CR.
