

## REVIEW OF SATELLITE-RELATED WMO AND CGMS PUBLICATIONS AND REPORTS

*(Submitted by WMO)*

---

### Summary and purpose of document

This document presents the latest status of publications and reports prepared, or under preparation, since CGMS-XXIX

---

### ACTION PROPOSED

- (1) CGMS may wish to comment on the list of publications.
- (2) CGMS Members to update their contributions to WMO Publication No. 411.

**Appendix:** List of WMO and CGMS Publications and Reports

---

## **DISCUSSION**

1. Since CGMS-XXIX, WMO has finalized and distributed the publications and reports as shown in the Appendix.
2. The update to WMO Publication No. 411 has now been completed and is available on the WMO Satellite Activities web pages at [http://www.wmo.ch/hinsman/411\\_Contents.htm](http://www.wmo.ch/hinsman/411_Contents.htm). It is requested that CGMS Members review their inputs for Publication No. 411 and to have their updated contributions available for the 31<sup>st</sup> session of CGMS.
3. The report on the Utility of Existing R&D Satellite Data is under preparation and will be published in the autumn of this year.
