

NOMINATION OF CGMS REPRESENTATIVES AT WMO AND OTHER MEETINGS

(Submitted by WMO)

Summary and purpose of document

This document presents a list of WMO meeting(s) to which CGMS will be invited within the next year.

ACTION PROPOSED

CGMS to nominate a representative, as appropriate, for each WMO meeting.

DISCUSSION

1. The following list of WMO meeting(s) will occur between CGMS-XXXIV and CGMS-XXXV. CGMS should nominate a representative for each meeting as appropriate.

- WMO Fifteenth Congress (Cg-XV) Geneva, 7–25 May 2007;
- Fifty-ninth WMO Executive Council (EC-LIX) Geneva, 28-30 May 2007.

2. Although CGMS is not invited to the WMO Consultative Meetings on High-level Policy on Satellite Matters, satellite operators are invited in their own right. Thus, CGMS satellite operators may wish to note that the seventh session of the Consultative Meetings on High-level Policy on Satellite Matters will be held in WMO Headquarters, Geneva, Switzerland in February 2007, the exact dates to be determined.
