

CGMS LIST-SERVERS

(Submitted by WMO)

Summary and purpose of document

To inform CGMS of the status of CGMS list-servers

ACTION PROPOSED

CGMS Members to review the list of available list-servers and update as appropriate.

Appendix: CGMS list-servers

DISCUSSION

1. In order to allow CGMS Members to communicate via email in specific topical areas, the WMO Secretariat currently maintains several CGMS list-servers. A list-server allows anyone on a list to send an email message to everyone on a pre-defined list automatically without any intervention.
2. In order to continue email capability for CGMS, the lists of email addresses in the Appendix should be checked and updated as appropriate.
3. As an example of a list-server, if an email is sent to <cgmsplen@www.wmo.ch> it will automatically be resent to the following list:

hinsman@www.wmo.ch
mohr@eumetsat.de
wolf@eumetsat.de
uspensky@imp.kiae.ru
n-masuko@met.kishou.go.jp
robert.masters@noaa.gov

4. CGMS should confirm the need for the cgmsph (CGMS Home Page) list server since it has not been used within the previous two years. If not required, WMO will remove it.
5. CGMS may wish to note that other List-Servers are maintained as follows:
