The papers in this book comprise the proceedings of the meeting mentioned on the cover and title page. They reflect the author's opinions and are published as presented and without change, in the interest of timely dissemination. Their inclusion does not necessarily constitute endorsement by EUMETSAT.

The cover page shows a picture of winds extracted from three imager (WV, IR and VIS) and two sounder WV channels of the GOES-8 satellite on 14 August 1995 in the area around Hurricane Felix. Reproduced by kind permission of Dr. Christopher Velden, University of Wisconsin, Madison, USA.
